## SUMMARY

BS Computer Science graduate with hands-on experience in Full Stack Web Development, specializing in the MERN Stack and Next.js. Developed and contributed to web applications through academic projects, internships, and practical development work, gaining real-world experience in frontend development, backend development, RESTful APIs, database integration, authentication, and responsive user interfaces. Experienced in building practical, user-focused web solutions using modern JavaScript technologies and continuously improving software development skills through real-world projects. I am always eager to learn, collaborate with teams, and build efficient, user-focused applications that create real value.

## TECHNICAL SKILLS

**Languages:** JavaScript, Python

**Frontend:** React.js, Next.js, Redux, Axios

**Backend:** Node.js, Express.js, RESTful APIs, API Integration

**Databases:** MongoDB, Database Design

**Authentication:** JWT, Protected Routes, Role-Based Access Control

**Tools & Platforms:** GitHub, Vercel, Render, Railway.

## PROFESSIONAL EXPERIENCE

### Backend Developer Intern — Brandora, Kohat, Pakistan

Jun 2025 – Dec 2025

- Learning backend development using Node.js, Express.js and MongoDB in a real project environment.
- Gained hands-on experience by solving assigned backend tasks.
- Applied Collaborating with developers and mentors to understand REST APIs, database design and sever-side logic.
- Actively working toward becoming a full-stack developer by applying both frontend and backend skills.

### Frontend Developer Intern — PS Coders, Kohat, Pakistan

Jul 2024 – Oct 2024

- Gained hands-on experience in Frontend Development, contributing to web projects under the guidance of senior developers.
- Worked with JavaScript and the React.js library to build responsive, user-friendly websites and enhance modern web interfaces.
- Applied both frontend and backend skills while progressing toward full-stack development.

### Frontend Development — Digital Empowerment Pakistan (DEN)

Aug 2024 – Nov 2024

- Gained hands-on experience in Frontend Development, contributing to web projects under the guidance of senior developers.
- Worked with JavaScript and the React.js library to build responsive, user-friendly websites and enhance modern web interfaces.

## PROJECTS

### Interns – Online Internship Management & Placement System (FYP) *Tech: MERN Stack* || [Live Demo](#)

- Built a MERN Stack platform that connects students with companies for internship opportunities.
- Implemented JWT authentication, role-based dashboards, internship management, company verification, and application tracking.

### Smart Khata – Billing & Credit Management System *Tech: MERN Stack* || [Live Demo](#)

- Built a MERN Stack web application that digitizes customer credit (Khata) records for wholesale shopkeepers, replacing notebook-based bookkeeping.
- Implemented automated invoice generation, payment tracking, and outstanding balance management.

### SmartEstate AI – Intelligent Real Estate Platform *Tech: MERN Stack* || [Live Demo](#)

- Developed a full-stack platform for buying, renting, and selling property with verified listings and role-based dashboards for buyers, sellers, agents, and administrators.
- Implemented AI-powered property recommendations, advanced search and filtering, appointment scheduling, interactive maps, SEO optimization, and responsive design.

### School & College Management System *Tech: React.js, Axios*

- Built a responsive, role-based React.js frontend for managing students, teachers, attendance, fees, assignments, exam results, and timetables.
- Implemented protected routes, dashboards, forms, and analytics with an API-ready architecture for future backend integration.

**Personal Portfolio Website** – Built a responsive React.js portfolio with interactive animations showcasing projects, certifications, and experience.

## EDUCATION

**BS Computer Science** — Kohat University of Science and Technology (KUST)

2022 – 2026 | CGPA: 3.55/4.00

**FSc Pre-Engineering** — Paradise Children Academy & Model College, Hangu

2020 – 2022 | Marks: 953/1100

## CERTIFICATIONS

**Web Development:** Front-End Development, Certificate of Completion (PS Coders); CIT (Web Development), Government-Certified Course (NAVTC)

**Coursera:** React.js; Next.js; Build Agent with n8n; Data Analytics

**DigiSkills.pk:** Freelancing; WordPress; Data Analytics; Python for AI
